INSTRUCTIONS

(Detailed instructions are set forth in the NCIC Operating Manual)

Accurately complete form in legible **hand printing**. A separate form must be completed for each entry.

Only one numeral or letter may be entered per space. Do not use special symbols when entering data, except when entering field office file number and miscellaneous information where such symbols are permissible. Use appropriate NCIC codes, if known, otherwise fill in blank lines where they appear.

STOLEN ARTICLE ENTRY

An article having a serial number and/or an owner - applied number and meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC single article record. Consecutively serialized articles meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC group article record. Where theft involves a group of articles which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers and/or owner - applied numbers.

1. Check EA block indicating entry is a stolen article or EAA block indicating entry is a group of consecutively serialized stolen articles.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Type of Article (**TYP**) - Enter appropriate code or clearly print a description of the article on line provided, e.g. electric typewriter; color television; electric adding machine; single lens reflex camera; 16 mm movie projector; etc.
4. Serial Number (**SER**) - Fill in spaces, starting with first space on the left, with the **complete** serial number including any letters which are part of the number. **Caution:** Enter serial number of the article, not the number of a component part of the article.
 - (a) When entering a single article, fill in first serial number block **only**.
 - (b) When entering a group of consecutively serialized articles, enter the beginning serial number in the first serial number block and ending serial number in the second serial number block.
5. Brand Name (**BRA**) - Enter appropriate code or clearly print the brand name of the article on line provided.
6. Model (**MOD**) - Indicate the model of the article in the following order of priority: model number, model name, style or design, size, construction material.
7. Owner - Applied Number (**OAN**) - Fill in spaces, starting with first space on left, with the complete owner - applied number including any letters which are part of the number. **Caution:** Owner - applied number cannot be used in consecutively serialized article entry.
8. Date of Theft (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 7, 1967: 050767
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 52-12345
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information in easily readable abbreviated language. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used.
11. NCIC # (**NIC**) - Leave blank. Will be recorded by terminal operator.

STOLEN OR "RECOVERED" GUN ENTRY

Only serially numbered guns may be entered in NCIC. Where theft involves a group of guns which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers.

A recovered gun for which no lost or stolen report is on file in NCIC may be entered as a "recovered" gun.

1. Check EG block indicating entry is a stolen gun or ERG block indicating entry is a "recovered" gun.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Serial # (**SER**) - Starting with first space on the left fill in spaces with the **complete** serial number. (Insure that any letters which are part of the number have been listed.) Where more than one serial number appears on a firearm, enter the frame number as the serial number.
4. Make (**MAK**) - Enter appropriate code or clearly print the make of the gun on line provided. Refer to NCIC Operating Manual for assistance in entering U.S. military, U.S. Government and firearms of unknown make.
5. Model (**MOD**) - Indicate the model of the gun using number or name.
6. Caliber (**CAL**) - The appropriate gauge (or bore) should be entered as caliber of a shotgun. Decimal points should not be used, e.g. Caliber .32 - code as 32; Caliber 7.62 mm - code as 762; 16 guage - code as 16; etc.
7. Type (**TYP**) - Enter appropriate code or clearly print a description of the gun on line provided, e.g. rifle, bolt action; shotgun, double barrel; pistol, automatic; pistol, revolver, etc.
8. Date of Theft/Recovery (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 1, 1967: 050167
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 15-2357
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information, including **barrel length**, when known. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used. **Miscellaneous data is not allowed when entering a "recovered" gun.**
11. NCIC # (**NIC**) - Leave blank. Will be recorded by terminal operator.

[redacted] with a Date of Birth (DOB) of [redacted] was provided the identity of the interviewing Agent and the nature of the interview. [redacted] BURLINGTON NORTHERN (B/N) RAILROAD, 5601 West 26th Street, Cicero, Illinois, [redacted] was interviewed at his place of business and provided the following information:

b6
b7C

[redacted] stated that THOMPSON CONSUMER ELECTRONICS, is a customer of the B/N which ships television (TV) sets from THOMPSON CONSUMER ELECTRONICS (TCE) warehouse, 1300 East Roger Street, Bloomington, Indiana, via DENNIS TRUCK LINES, INC. OF INDIANA, 3611 South Normal Avenue, Chicago, Illinois, to the B/N HUB facility in Cicero, Illinois. [redacted] advised that the TV sets are loaded into a container box at TCE in Bloomington. Upon arrival to the B/N HUB in Cicero, the container boxes are loaded onto the flatbed railroad cars. The TV sets are then shipped from the B/N HUB in Cicero to the B/N HUB facility in Irving, Texas. After arriving in Irving, the TV sets in the container are shipped via tractor and chasis carrier to THOMPSON CONSUMER ELECTRONIC UNIT DISTRIBUTION CENTER in Desota, Texas.

b6
b7C

[redacted] stated that throughout the month of August and September, 1991, the TCE TV shipments have been short upon arriving at the TCE DISTRIBUTION CENTER in Desota, Texas. [redacted] advised that in the first week of August, he was notified by [redacted] B/N RAILROAD, Irving, Texas, of container #BNAU282061 being 32 RCA TV sets short upon delivery to the TCE DISTRIBUTION CENTER. The model number for the missing RCA TV sets is 20GT313. The estimated value of the missing TVs is \$17,000. [redacted] provided the serial numbers for the missing TVs. [redacted] advised that in the last week of August, 1991, he was notified by [redacted] of container #BNAU283180 being 17 RCA TV sets short upon delivery to the TCE DISTRIBUTION CENTER. The model number for the missing RCA TV sets is G27400WK. The estimated value of the missing TVs is \$17,000. [redacted] provided the serial numbers for the missing TVs.

[REDACTED] advised that in the first week of September, he was notified by [REDACTED] of Container Number BNAU280890 being 48 RCA TV sets short upon delivery to the TCE DISTRIBUTION CENTER. The model number for the missing TV sets is F20163WN. The estimated value of the missing TV sets is \$19,000. [REDACTED] provided the serial numbers for the missing TV sets. [REDACTED] advised that on approximately September 5, 1991, he was notified by [REDACTED] of Container Number BNAU287030 being 51 RCA TV sets short upon delivery to the TCE DISTRIBUTION CENTER. The estimated value of the missing TV sets is \$20,000. [REDACTED] stated that he would provide at a later date the model number and serial numbers for the missing 51 RCA TV sets.

b6
b7C

[REDACTED] stated that he believes that thefts are occurring while enroute from TCE Bloomington to the B/N HUB in Cicero. [REDACTED] advised that when container box, BNAU287030, arrived at the Irving B/N HUB, First Name Unknown (FNU) [REDACTED] for B/N, Irving, Texas, found the seal, Seal Number 222448, cut and glued back together. [REDACTED] advised that he would provide the broken seal to the investigating Agent when he receives it from [REDACTED] in Irving, Texas. [REDACTED] advised that when the container boxes are loaded on railroad cars, the bottom container is fitted in a 2 foot deep space which does not allow the container box to be opened. [REDACTED] advised that the top container box is approximately 20 feet off the railroad car. [REDACTED] stated that based upon a recovered seal and the configuration of the container boxes on the railroad car, he believes the thefts are occurring enroute from TCE in Bloomington, Indiana.

b6
b7C

[REDACTED] stated that he believes the thefts are not occurring in the B/N HUB yard in Cicero because of the security and check in procedures for dropping off and picking up trailers.

b6
b7C

[REDACTED] advised that the B/N HUB in Cicero has only one truck entrance. [REDACTED] stated that the procedure for load delivery is for the driver to enter the gate, stop at the call in phone, report his name, trucking company, and seal number. The driver pulls up to the inspection gate, disengages the trailer, and exits the facility. The dropped loaded trailer is then

b6

spotted by a B/N tractor. The load pickup procedure is for the driver to enter the one entrance gate, stop at the call in phone, reports his name, trucking company, and serial number. The driver is then cleared to pick up his designated load. After pickup, the driver stops at the inspection phone, reports his name, trucking company, and serial number. After calling in, the driver goes to an inspection station for trailer inspection. After inspection, the driver is cleared to exit the B/N facility.

A review of the delivery records revealed that all of the short loads were delivered by [REDACTED] DENNIS TRUCKING. [REDACTED] provided to the investigating Agent copies of B/N's intermodel inspection/shipment records for the short loads which were signed by [REDACTED]. The shipment records and model/serial numbers provided by [REDACTED] are stored in an FD-340 evidence envelop. [REDACTED] stated that he has no other information concerning [REDACTED]. [REDACTED] also provided to investigating Agent, plastic stretch wrap which contain possible footprints and fingerprints. The plastic stretch wrap was found in container box, BNAU287030 by [REDACTED] and received by [REDACTED] through FEDERAL EXPRESS on September 6, 1991. The plastic stretch wrap is maintained as evidence.

[redacted] with a Date of Birth (DOB) of [redacted] was provided the identity of the interviewing agent and the nature of the interview. [redacted] of DENNIS TRUCK LINE of Indiana, 3611 South Normal, Chicago, Illinois, [redacted] provided the following information:

[redacted] stated that he was told by [redacted] last name unknown (LNU) of BURLINGTON NORTHERN AMERICA (B/N), that THOMPSON CONSUMER ELECTRONICS (TCE), Bloomington, Indiana, was experiencing some thefts of television sets. [redacted] advised that he has heard nothing else concerning the thefts.

[redacted] stated that DENNIS TRUCKING has been pulling loads out of TCE for approximately two years. [redacted] stated that the contract with TCE is their largest. [redacted] advised that the coordination between DENNIS TRUCKING and B/N is conducted by RAIL/VAN, a third party shipping agent. [redacted] stated that the point of contact at RAIL/VAN, Columbus, Ohio, is [redacted].

[redacted] advised that the standard operating procedure for DENNIS TRUCKING to pick a load up at TCE is initially for [redacted] of TCE, to contact the DENNIS TRUCKING dispatchers, [redacted] and notify them of an outgoing shipment. [redacted] stated that a DENNIS TRUCK is then dispatched empty from anywhere in Indiana. Upon arrival, the DENNIS driver then contacts the DENNIS dispatcher to find out which load is to be picked up. After pick-up, the DENNIS driver then goes to the TCE guard house to pick up the paperwork. [redacted] stated that TCE loads all the trailers, seals them, and spots them. [redacted] advised that DENNIS drivers do not load or seal the loads. After pick-up, the DENNIS driver delivers the load to the B/N facility in Chicago, Illinois. At the B/N facility, the Dennis driver then provides the seal number, container number, weight and quantity of the load to the B/N people before the load is accepted.

Title previously carried as "UNSUB(S); THEFT OF 97 RCA TELEVISIONS VALUED AT APPROXIMATELY \$63,000 FROM BURLINGTON NORTHERN RAILROAD, CICERO, ILLINOIS; AUGUST 1 TO SEPTEMBER 3, 1991; TFIS; OO: CHICAGO".

Assistant United States Attorney (AUSA) [redacted]
[redacted] was briefed to the above captioned matter; [redacted] was informed of the following:

b6
b7C

BURLINGTON NORTHERN (B/N) RAILROAD, Cicero, Illinois has recently experienced five container boxes being approximately 177 color television sets short upon arrival to the consignee. After becoming aware of the thefts the B/N Police, Irving, Texas, has determined that the last two short container boxes had their seals cut and re-glued prior to unloading in Texas. Examination of the container boxes by the B/N Police, Irving, Texas, has produced possible fingerprints and footprints; all collected evidence has been forwarded to the FEDERAL BUREAU OF INVESTIGATION (FBI), Chicago, Illinois. Subsequent investigation with the B/N Police in Cicero, Illinois, has determined that the thefts are most likely occurring en route from the point of origin, THOMPSON CONSUMER ELECTRONICS (TCE), Bloomington, Indiana to the B/N facility, Cicero, Illinois. DENNIS TRUCK LINE of Indiana, 3611 South Normal, Chicago, is the carrier responsible for the delivery of the television sets from TCE to the B/N

INSTRUCTIONS

(Detailed instructions are set forth in the NCIC Operating Manual)

Accurately complete form in legible **hand printing**. A separate form must be completed for each entry.

Only one numeral or letter may be entered per space. Do not use special symbols when entering data, except when entering field office file number and miscellaneous information where such symbols are permissible. Use appropriate NCIC codes, if known, otherwise fill in blank lines where they appear.

STOLEN ARTICLE ENTRY

An article having a serial number and/or an owner - applied number and meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC single article record. Consecutively serialized articles meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC group article record. Where theft involves a group of articles which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers and/or owner - applied numbers.

1. Check EA block indicating entry is a stolen article or EAA block indicating entry is a group of consecutively serialized stolen articles.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Type of Article (**TYP**) - Enter appropriate code or clearly print a description of the article on line provided, e.g. electric typewriter; color television; electric adding machine; single lens reflex camera; 16 mm movie projector; etc.
4. Serial Number (**SER**) - Fill in spaces, starting with first space on the left, with the **complete** serial number including any letters which are part of the number. **Caution:** Enter serial number of the article, not the number of a component part of the article.
 - (a) When entering a single article, fill in first serial number block **only**.
 - (b) When entering a group of consecutively serialized articles, enter the beginning serial number in the first serial number block and ending serial number in the second serial number block.
5. Brand Name (**BRA**) - Enter appropriate code or clearly print the brand name of the article on line provided.
6. Model (**MOD**) - Indicate the model of the article in the following order of priority: model number, model name, style or design, size, construction material.
7. Owner - Applied Number (**OAN**) - Fill in spaces, starting with first space on left, with the complete owner - applied number including any letters which are part of the number. **Caution:** Owner - applied number cannot be used in consecutively serialized article entry.
8. Date of Theft (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 7, 1967: 050767
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 52-12345
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information in easily readable abbreviated language. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used.
11. NCIC # (**NIC**) - Leave blank. Will be recorded by terminal operator.

STOLEN OR "RECOVERED" GUN ENTRY

Only serially numbered guns may be entered in NCIC. Where theft involves a group of guns which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers.

A recovered gun for which no lost or stolen report is on file in NCIC may be entered as a "recovered" gun.

1. Check EG block indicating entry is a stolen gun or ERG block indicating entry is a "recovered" gun.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Serial # (**SER**) - Starting with first space on the left fill in spaces with the **complete** serial number. (Insure that any letters which are part of the number have been listed.) Where more than one serial number appears on a firearm, enter the frame number as the serial number.
4. Make (**MAK**) - Enter appropriate code or clearly print the make of the gun on line provided. Refer to NCIC Operating Manual for assistance in entering U.S. military, U.S. Government and firearms of unknown make.
5. Model (**MOD**) - Indicate the model of the gun using number or name.
6. Caliber (**CAL**) - The appropriate gauge (or bore) should be entered as caliber of a shotgun. Decimal points should not be used, e.g. Caliber .32 - code as 32; Caliber 7.62 mm - code as 762; 16 guage - code as 16; etc.
7. Type (**TYP**) - Enter appropriate code or clearly print a description of the gun on line provided, e.g. rifle, bolt action; shotgun, double barrel; pistol, automatic; pistol, revolver, etc.
8. Date of Theft/Recovery (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 1, 1967: 050167
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 15-2357
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information, including **barrel length**, when known. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used. **Miscellaneous data is not allowed when entering a "recovered" gun.**
11. NCIC # (**NIC**) - Leave blank. recorded by terminal operator.

INSTRUCTIONS

(Detailed instructions are set forth in the NCIC Operating Manual)

Accurately complete form in legible **hand printing**. A separate form must be completed for each entry.

Only one numeral or letter may be entered per space. Do not use special symbols when entering data, except when entering field office file number and miscellaneous information where such symbols are permissible. Use appropriate NCIC codes, if known, otherwise fill in blank lines where they appear.

STOLEN ARTICLE ENTRY

An article having a serial number and/or an owner - applied number and meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC single article record. Consecutively serialized articles meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC group article record. Where theft involves a group of articles which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers and/or owner - applied numbers.

1. Check EA block indicating entry is a stolen article or EAA block indicating entry is a group of consecutively serialized stolen articles.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Type of Article (**TYP**) - Enter appropriate code or clearly print a description of the article on line provided, e.g. electric typewriter; color television; electric adding machine; single lens reflex camera; 16 mm movie projector; etc.
4. Serial Number (**SER**) - Fill in spaces, starting with first space on the left, with the **complete** serial number including any letters which are part of the number. **Caution:** Enter serial number of the article, not the number of a component part of the article.
 - (a) When entering a single article, fill in first serial number block **only**.
 - (b) When entering a group of consecutively serialized articles, enter the beginning serial number in the first serial number block and ending serial number in the second serial number block.
5. Brand Name (**BRA**) - Enter appropriate code or clearly print the brand name of the article on line provided.
6. Model (**MOD**) - Indicate the model of the article in the following order of priority: model number, model name, style or design, size, construction material.
7. Owner - Applied Number (**OAN**) - Fill in spaces, starting with first space on left, with the complete owner - applied number including any letters which are part of the number. **Caution:** Owner - applied number cannot be used in consecutively serialized article entry.
8. Date of Theft (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 7, 1967: 050767
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 52-12345
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information in easily readable abbreviated language. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used.
11. NCIC # (**NIC**) - Leave blank. Will be recorded by terminal operator.

STOLEN OR "RECOVERED" GUN ENTRY

Only serially numbered guns may be entered in NCIC. Where theft involves a group of guns which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers.

A recovered gun for which no lost or stolen report is on file in NCIC may be entered as a "recovered" gun.

1. Check EG block indicating entry is a stolen gun or ERG block indicating entry is a "recovered" gun.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Serial # (**SER**) - Starting with first space on the left fill in spaces with the **complete** serial number. (Insure that any letters which are part of the number have been listed.) Where more than one serial number appears on a firearm, enter the frame number as the serial number.
4. Make (**MAK**) - Enter appropriate code or clearly print the make of the gun on line provided. Refer to NCIC Operating Manual for assistance in entering U.S. military, U.S. Government and firearms of unknown make.
5. Model (**MOD**) - Indicate the model of the gun using number or name.
6. Caliber (**CAL**) - The appropriate gauge (or bore) should be entered as caliber of a shotgun. Decimal points should not be used, e.g. Caliber .32 - code as 32; Caliber 7.62 mm - code as 762; 16 guage - code as 16; etc.
7. Type (**TYP**) - Enter appropriate code or clearly print a description of the gun on line provided, e.g. rifle, bolt action; shotgun, double barrel; pistol, automatic; pistol, revolver, etc.
8. Date of Theft/Recovery (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 1, 1967: 050167
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 15-2357
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information, including **barrel length**, when known. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used. **Miscellaneous data is not allowed when entering a "recovered" gun.**
11. NCIC # (**NIC**) - Leave blank. Will be recorded by terminal operator.

INSTRUCTIONS

(Detailed instructions are set forth in the NCIC Operating Manual)

Accurately complete form in legible **hand printing**. A separate form must be completed for each entry.

Only one numeral or letter may be entered per space. Do not use special symbols when entering data, except when entering field office file number and miscellaneous information where such symbols are permissible. Use appropriate NCIC codes, if known, otherwise fill in blank lines where they appear.

STOLEN ARTICLE ENTRY

An article having a serial number and/or an owner - applied number and meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC single article record. Consecutively serialized articles meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC group article record. Where theft involves a group of articles which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers and/or owner - applied numbers.

1. Check EA block indicating entry is a stolen article or EAA block indicating entry is a group of consecutively serialized stolen articles.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Type of Article (**TYP**) - Enter appropriate code or clearly print a description of the article on line provided, e.g. electric typewriter; color television; electric adding machine; single lens reflex camera; 16 mm movie projector; etc.
4. Serial Number (**SER**) - Fill in spaces, starting with first space on the left, with the **complete** serial number including any letters which are part of the number. **Caution:** Enter serial number of the article, not the number of a component part of the article.
 - (a) When entering a single article, fill in first serial number block **only**.
 - (b) When entering a group of consecutively serialized articles, enter the beginning serial number in the first serial number block and ending serial number in the second serial number block.
5. Brand Name (**BRA**) - Enter appropriate code or clearly print the brand name of the article on line provided.
6. Model (**MOD**) - Indicate the model of the article in the following order of priority: model number, model name, style or design, size, construction material.
7. Owner - Applied Number (**OAN**) - Fill in spaces, starting with first space on left, with the complete owner - applied number including any letters which are part of the number. **Caution:** Owner - applied number cannot be used in consecutively serialized article entry.
8. Date of Theft (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 7, 1967: 050767
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 52-12345
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information in easily readable abbreviated language. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used.
11. NCIC # (**NIC**) - Leave blank. Will be recorded by terminal operator.

STOLEN OR "RECOVERED" GUN ENTRY

Only serially numbered guns may be entered in NCIC. Where theft involves a group of guns which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers.

A recovered gun for which no lost or stolen report is on file in NCIC may be entered as a "recovered" gun.

1. Check EG block indicating entry is a stolen gun or ERG block indicating entry is a "recovered" gun.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Serial # (**SER**) - Starting with first space on the left fill in spaces with the **complete** serial number. (Insure that any letters which are part of the number have been listed.) Where more than one serial number appears on a firearm, enter the frame number as the serial number.
4. Make (**MAK**) - Enter appropriate code or clearly print the make of the gun on line provided. Refer to NCIC Operating Manual for assistance in entering U.S. military, U.S. Government and firearms of unknown make.
5. Model (**MOD**) - Indicate the model of the gun using number or name.
6. Caliber (**CAL**) - The appropriate gauge (or bore) should be entered as caliber of a shotgun. Decimal points should not be used, e.g. Caliber .32 - code as 32; Caliber 7.62 mm - code as 762; 16 guage - code as 16; etc.
7. Type (**TYP**) - Enter appropriate code or clearly print a description of the gun on line provided, e.g. rifle, bolt action; shotgun, double barrel; pistol, automatic; pistol, revolver, etc.
8. Date of Theft/Recovery (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 1, 1967: 050167
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 15-2357
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information, including **barrel length**, when known. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used. **Miscellaneous data is not allowed when entering a "recovered" gun.**
11. NCIC # (**NIC**) - Leave blank. Will be recorded by terminal operator.

INSTRUCTIONS

(Detailed instructions are set forth in the NCIC Operating Manual)

Accurately complete form in legible **hand printing**. A separate form must be completed for each entry.

Only one numeral or letter may be entered per space. Do not use special symbols when entering data, except when entering field office file number and miscellaneous information where such symbols are permissible. Use appropriate NCIC codes, if known, otherwise fill in blank lines where they appear.

STOLEN ARTICLE ENTRY

An article having a serial number and/or an owner - applied number and meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC single article record. Consecutively serialized articles meeting the criteria set forth in the NCIC Operating Manual may be entered in an NCIC group article record. Where theft involves a group of articles which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers and/or owner - applied numbers.

1. Check EA block indicating entry is a stolen article or EAA block indicating entry is a group of consecutively serialized stolen articles.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Type of Article (**TYP**) - Enter appropriate code or clearly print a description of the article on line provided, e.g. electric typewriter; color television; electric adding machine; single lens reflex camera; 16 mm movie projector; etc.
4. Serial Number (**SER**) - Fill in spaces, starting with first space on the left, with the **complete** serial number including any letters which are part of the number. **Caution:** Enter serial number of the article, not the number of a component part of the article.
 - (a) When entering a single article, fill in first serial number block **only**.
 - (b) When entering a group of consecutively serialized articles, enter the beginning serial number in the first serial number block and ending serial number in the second serial number block.
5. Brand Name (**BRA**) - Enter appropriate code or clearly print the brand name of the article on line provided.
6. Model (**MOD**) - Indicate the model of the article in the following order of priority: model number, model name, style or design, size, construction material.
7. Owner - Applied Number (**OAN**) - Fill in spaces, starting with first space on left, with the complete owner - applied number including any letters which are part of the number. **Caution:** Owner - applied number cannot be used in consecutively serialized article entry.
8. Date of Theft (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 7, 1967: 050767
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 52-12345
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information in easily readable abbreviated language. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used.
11. NCIC # (**NIC**) - Leave blank. Will be recorded by terminal operator.

STOLEN OR "RECOVERED" GUN ENTRY

Only serially numbered guns may be entered in NCIC. Where theft involves a group of guns which are identical except for nonconsecutive serial numbers, complete one form and attach a list of the nonconsecutive serial numbers.

A recovered gun for which no lost or stolen report is on file in NCIC may be entered as a "recovered" gun.

1. Check EG block indicating entry is a stolen gun or ERG block indicating entry is a "recovered" gun.
2. Field Office Identifier (**ORI**) - Enter field office identifier.
3. Serial # (**SER**) - Starting with first space on the left fill in spaces with the **complete** serial number. (Insure that any letters which are part of the number have been listed.) Where more than one serial number appears on a firearm, enter the frame number as the serial number.
4. Make (**MAK**) - Enter appropriate code or clearly print the make of the gun on line provided. Refer to NCIC Operating Manual for assistance in entering U.S. military, U.S. Government and firearms of unknown make.
5. Model (**MOD**) - Indicate the model of the gun using number or name.
6. Caliber (**CAL**) - The appropriate gauge (or bore) should be entered as caliber of a shotgun. Decimal points should not be used, e.g. Caliber .32 - code as 32; Caliber 7.62 mm - code as 762; 16 guage - code as 16; etc.
7. Type (**TYP**) - Enter appropriate code or clearly print a description of the gun on line provided, e.g. rifle, bolt action; shotgun, double barrel; pistol, automatic; pistol, revolver, etc.
8. Date of Theft/Recovery (**DOT**) - Must be complete month, day and year, expressed in six numerals, e.g. May 1, 1967: 050167
9. Field Office File # (**OCA**) - Enter field office file number (include dash), e.g. 15-2357
10. Miscellaneous (**MIS**) - Clearly print any additional descriptive information, including **barrel length**, when known. Do not use periods for punctuation. Spaces, commas, dashes, etc. may be used. **Miscellaneous data is not allowed when entering a "recovered" gun.**
11. NCIC # (**NIC**) - Leave blank. Will be recorded by terminal operator.

JOHN D. DEVELAKOS a white/male with a Date of Birth (DOB) of November 11, 1919, was provided the identity of the investigating Agents (IAs) and the nature of the investigation. DEVELAKOS, the President of ZENITH TRUCKING CORPORATION, 3001 S. Shields, Chicago, Illinois, 312) 225-7030, provided the following information:

DEVELAKOS admitted that he purchased five RCA 20 inch television sets, model number F20551WN from a white/male on Maxwell Street, Chicago, Illinois. DEVELAKOS stated that he purchased the television sets during the time frame of August or September, 1991. DEVELAKOS stated that he could not recall the seller's name and will hereinafter be referred to as the seller. DEVELAKOS stated that he purchased the five television sets for \$200.00 each from the seller. DEVELAKOS advised that the seller was driving a blue Ford Van which was filled with televisions. DEVELAKOS stated he did not believe the television sets were stolen based upon the selling price of \$200.00 and the retail price being approximately \$280.00. DEVELAKOS advised that he and [redacted] put the five televisions in his, DEVELAKOS', red pickup truck. DEVELAKOS stated that he and [redacted] then transported the television sets to DEVELAKOS' place of business, ZENITH CARTAGE, 3001 South Shield, Chicago, Illinois. DEVELAKOS stated that [redacted] carried all the television sets into DEVELAKOS' office and place them in the corner. DEVELAKOS stated that he does not know the current location of [redacted]. DEVELAKOS advised that he believes [redacted]. DEVELAKOS advised that [redacted] had no knowledge concerning the purchase of the television sets. DEVELAKOS advised that [redacted] also had no knowledge concerning the purchase of the television sets.

Narrative of Offense:

On 9/19/91, [REDACTED]
[REDACTED] BURLINGTON NORTHERN (B&N) RAILROAD, 5601 West 26th Street, Cicero, Illinois, reported that THOMSON CONSUMER ELECTRONICS is a customer of the B&N. [REDACTED] advised that B&N ships television sets (TVs) from THOMPSON CONSUMER ELECTRONICS (TCE) Warehouse, 1300 East Roger Street, Bloomington, Indiana via DENNIS TRUCK LINE, INC. OF INDIANA, 3611 South Normal Avenue, Chicago, Illinois, to the B&N Hub facility in Cicero, Illinois.

b6
b7C

[REDACTED] advised that the TV sets are loaded into a container box at the TCE facility in Bloomington. Upon arrival to the B&N Hub in Cicero, the container boxes are loaded onto the flat bed railroad cars. The TV sets are then shipped from the B&N Hub in Cicero the B&N Hub facility in Irving, Texas. After arriving in Irving, the TV sets in the containers are shipped via tractor and trailer to THOMPSON CONSUMER ELECTRONICS Unit Distribution Center in De Soto, Texas, and then to the consignee.

b6
b7C

[REDACTED] advised that through the months of August and October, 1991, many TCE TV shipments have been short upon arriving to the consignee. [REDACTED] explained that the TVs are shipped in container boxes which are identified by BNAU numbers. [REDACTED] advised that whenever he refers to a BNAU number, he is referring to a container box containing TVs. [REDACTED] advised that in the first week of August, he was notified by the B&N facility in Irving, Texas that container #BNAU2A2061 was 32 RCA TVs short upon delivery to the consignee. [REDACTED] advised that in the last week of August, 1991, he was again notified that container #BNAU283180 was 17 RCA TV sets short upon delivery to the consignee. [REDACTED] advised that in the first week of September he was again notified that another container BNAU280890 was 48 RCA TV sets shorts upon delivery to the consignee.

b6
b7C

[REDACTED] reviewed his intermodel inspection/shipment records for the aforementioned three short containers. A review of the records revealed that the three aforementioned container

Dear Mr. Burns:

The purpose of this letter is to seek an immediate remedy to the absence of prosecutive action regarding this matter. The investigation was opened in September, 1991. The investigation revealed that [redacted]

[redacted] and Michael Difoggio, the owner and operator of Difoggio Plumbing, Chicago, Illinois, were directly responsible for seven trailerloads of television sets being shorted. The shortages resulted in a financial loss of over \$100,000 to Burlington Northern Railroad, Cicero, Illinois. The investigation was completed in September, 1992. [redacted]
